

The Simple, Powerful Choice for Online Shipping

When it comes to meeting your most demanding shipping needs, NeoShip ADVANCED has you covered. An option for IS/IM and IN-Series mailing systems, it's time to elevate your mailroom experience to new heights.

NeoShip ADVANCED provides an intuitive single-screen interface that streamlines the process of shipping domestic and international parcels. This multi-carrier solution allows you to select from USPS®, FedEx® or UPS®, expanding the number of options you have when it comes to processing and tracking shipments.

Harness the Power of NeoShip ADVANCED!

Save Time and Money with Rate Shopping

NeoShip ADVANCED will compare shipping rates between carriers.* It identifies the **lowest cost** of getting your parcel to its final destination.

Benefit from the Cost Savings Associated with Commercial Base Pricing

Experience significant discounts on Priority Mail® and Priority Mail Express™.

Apply Free Insurance on Priority Mail and Priority Mail Express Items

Receive up to \$50 value and \$100 value respectively.

Ensure "Ship To" Addresses are Up-to-Date with Free Address Correction

Help prevent delivery delays.

Minimize Delivery Time

With the **fastest delivery** feature, NeoShip will analyze each carrier's schedule and display the one that offers the quickest delivery time.

Obtain an Online Consolidated View of All Shipments

Stay informed by tracking each package as it travels to its destination.

Create Reports for Additional Analysis

Great for account/department chargeback, understanding shipping trends, and postage expenses. Reports are available in summary and detailed formats by Shipment, History, Operator Activity and/or transactions.

Eliminate Manual Entry of Addresses

Save time and avoid errors attributed to manual entry. Import up to 10,000 addresses to the Public Address Book and up to 1,000 addresses to the Private Address Book, per user.

Streamline Shipping Workflow with Batch Processing

Create up to 100 identical shipments being sent to different recipients and addresses at one time.

Save Time and Eliminate Errors with Address Groups

Define a collection of recipient addresses as an Address Group, then add, modify, save and delete entries as needed.

Obtain and Store USPS Proof of Delivery Letter

The USPS retains delivery data for each shipment, with associated signature and address images, when Extra Services options are applied. The proof of delivery letter PDF is stored and available for viewing, printing and email.

Simplify Your Shipping Processes

Create a true desktop shipping environment by adding an optional USB scale and thermal label printer to your computer.

Manage User Roles and Privileges

Assign roles and control a user's level of access to the system's functionality based on the user's role.

*Rate comparison is between the USPS and FedEx. UPS is not included in comparison. UPS rates, may be viewed separately.
